## Community Health Assessment and Health Improvement Plan Now Online

Thank you to everyone who participated in the feedback process for Harford County Health Department's [Community Health Assessment](#) and [Community Health Improvement Plan](#). Final versions are now available online. With the support of the Local Health Improvement Coalition, we were able to obtain feedback from **877 community members** on their views of the health and well-being of Harford County.

Survey outcomes are included as an attachment to the Community Health Assessment. Overall, local residents believe that Harford's Local Health Improvement Coalition is focused on the right issues - **75%** of respondents agreed that **obesity, tobacco** and **behavioral health** are top priorities.

**Congratulations to Tom Nichols**, who was randomly selected among survey respondents as the winner of our \$50 Target gift card!
