Harford County Local Health Improvement Coalition Meeting

October 17, 2016
Alice Bauman

Today

- Introduction
- OPHI Update:
 - General OPHI Update
 - Health Reform
 - SHIP Quality Improvement Project
 - LHIC future vision
- Questions

OPHI Mission & Strategic Goals

Mission of OPHI is to foster integration of a high-performing public health system with value-based health care in order to improve the health of communities and reduce health care spending.

Strategic Goals:

- Identify and promote financially sustainable, evidence-based strategies in public health and health care to address multiple determinants of health
- *Monitor the health status of communities and establish targets for improvement*
- Fund, accredit, and monitor the performance of local public health
- Improve the quality of public health services
- Increase access to care and promote healthy living in childhood and across the life course.

OPHI: Healthcare Reform

- Population Health Plan
 - **Goal: Develop a plan to serve as roadmap to guide future state priorities, investments, and programming in population health.**
 - Deliverable of Maryland's SIM grant to CMS
 - Partners Medicaid, HSCRC, MHHD, CHRC, hospitals, LHDs, etc.
- CHW Workforce Development
 - **Goal: Realistically move forward the recommendations put forth by the workgroup**
 - Partners MHHD, CHRC, AHEC, LHDs, SORH, Workgroup stakeholders, GAM, etc.

OPHI: SHIP Quality Improvement Project

Goal: of the State Health Improvement Process (SHIP) is to provide a framework for accountability, local action, and public engagement in order to advance the health of Maryland residents.

QI process updating/checking measures since 2012. Anticipated completion beginning on next calendar year (2017).

LHIC Future Vision

- Administration & Communication
 - LHIC Liaison
 - Centralized email address – coming November 2016
 - Monthly communication synced with SHIP newsletter
- Reporting
 - Quarterly reporting – Upcoming: November 2016
 - Revision of reporting requirements
 - Technical Assistance from DHMH at program/project conception
 - Annual Report from DHMH

LHIC Future Vision

- Technical Assistance
 - Toolkit
 - Coalition building & management/maintenance
 - Data – where, who, what, frequency, utility assessment
 - EX: CRISP population health dashboard
 - Priority & Metric Selection
 - Monitoring & Evaluation
 - Marketing/Outreach
 - Liaison
 - Link to categorical programs
 - Lessons Learned & Contact database

LHIC Future Vision

- Sustainability
 - White paper on Local Health Improvement Financing
 - Guidance on Community Benefit Dollars
 - Monthly search for Federal/State/Private grants
- Annual Meeting & Survey
- What else??
