2. Public Information Act Notice:

Contractors should give specific attention to the identification of information furnished to the Department under this contract which they deem confidential or proprietary information, or trade secrets and provide justification why this information should not be disclosed under the Maryland Access to Public Records Act of the Maryland Code Annotated, State Government Article, §§ 10-611 through 10-628. for continued performance of the contract for any fiscal period of the Contract succeeding the first fiscal period, the contract shall be automatically cancelled as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; however, this will not affect either the Department's rights or the Contractor's rights under any termination clause in the Contract. The effect of termination of the Contract will be to discharge both the Contractor and the Department from future performance of the Contract, but not from their obligation existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred, but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

5. Modification of Contract – General:

This Contract may be amended as the Contract Administrator and the Contractor mutually agree in writing (subject to any necessary approvals of the Office of the Attorney General, Department of Budget and Management and, in certain cases, the Board of Public Works). No amendment may change significantly the scope of the original solicitation or, if none, the original Contract. An amendment to this Contract does not alter the other terms of the Contract, except to the extent necessary to make them consistent with the amendment. This Contract may not be amended to provide salary and wage increases for the Contractor's employees with the intention of making these increases consistent with salary and wage increases given to employees of the State except as provided in the Maryland Code Annotated, Health-General Article, § 10-905.

6. Modification of Contract – Salary Increases and Emergencies:

7. Non-Hiring of State Employees:

No official or employee of the State of Maryland, as defined under Maryland Code Annotated, State Government Article, §15-102, whose duties as such official or employee include matters relating to or affecting the subject matter of this Contract, shall during the pendency and term of this Contract and while serving as an official or employee of the State become or be an employee of the Contractor or any entity that is a subcontractor on this Contract.

8. Conflict of Interest Law:

It is unlawful for any State officer, employee, or agent to participate personally in his official capacity through decision, approval or disapproval, recommendation, advice, or investigation in any Contract or other matter in which he, his spouse, parent, minor child, brother, or sister has a financial interest or to which any firm, corporation, association, or other organization in which he has a financial interest or in which he is serving as an officer, director, trustee, partner, or employee, or any person or organization with whom he is negotiating or has any arrangement concerning prospective employment, is a party, unless such officer, employee, or agent has previously complied with the provisions of the Maryland Code Annotated, State Government Article, §15-501 *et seq.*

13. Termination for Default:

The rights and remedies of the State under the Contract are cumulative. The enforcement of any right or election of any remedy by the State provided by the Contract for any breach of the Contract will not preclude the State from enforcing other rights and availing itself of other remedies available under the Contract for the same breach or any other breach of the Contract.

If the Contractor fails to properly perform its obligations under the Contract, the State may correct such deficiencies at the Contractor's expense.

If the Contractor fails to fulfill its obligations under this Contract properly and on time, or otherwise violates any provision of the Contract, the Health Department may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied on as cause for termination. All finished or unfinished supplies and services provided by the Contractor shall, at the Health Department's option, become the State's property. The Health Department shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor shall remain liable after termination and the Health Department can affirmatively collect damages. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.11B.

14. Termination for Convenience:

The Health Department may terminate the performance of work under this Contract in accordance with this clause in whole, or from time to time in part, whenever the Health Department's Contract Administrator shall determine that such termination is in the best interest of the State. The Health Department will pay all reasonable costs associated with this Contract that the Contractor has incurred to the date of termination and all reasonable costs associated with termination of the Contract. However, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12A(2).

15. Tax Exemption:

The State is generally exempt from Federal excise taxes, Maryland sales and use taxes, District of Columbia sales taxes and transportation taxes. Exemption certificates shall be completed upon request. Where a Contractor is required to furnish and install material in the construction or improvement of real property in performance of a Contract, the Contractor shall pay the Maryland sales tax and the exemption does not apply.

16. Arrearages:

It is not in arrears with respect to the payment of any monies due and owing the State of Maryland, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of this Contract if selected for contract award.

Part 420, the Secretary of Health and Human Services, and the Comptroller General of the United States, or their duly authorized representatives, shall be granted access to the Contractor's Contract, books, documents and records necessary to verify the cost of the services provided under this Contract, until the expiration of four years after the services are furnished under this Contract;
