## **DRINKING WATER NOTICE** **Monitoring Requirements Not Met:** **PWSID#1121290**

**CHURCH OF JESUS CHRIST OF LATTER DAY SAINTS**  
**3836 LEVEL RD. HAVRE DE GRACE, MD 21078**

We violated a public drinking water standard. Even though this was not an emergency, as our water consumers, you have a right to know what happened and what we are doing to correct this situation.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the 2<sup>nd</sup> Quarter of 2019 we did not monitor for bacteria and therefore cannot be sure of the quality of our drinking water during that time.*

### **What This Means**

**There is nothing you need to do at this time.** The table below lists the contaminant(s) we did not properly test for, how often we are supposed to sample for it and how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were (or will be) taken.

<b>Contaminant</b>	<b>Required sampling frequency</b>	<b>Number of Samples Taken</b>	<b>When All Samples Should Have Been Taken</b>	<b>When Samples Were or Will Be Taken</b>
Bacteria	Quarterly	None in 2 <sup>nd</sup> Quarter 2019	One sample in 2 <sup>nd</sup> Quarter 2019	3 <sup>rd</sup> Quarter 2019

### **Steps We Are Taking**

We are posting this notice and will complete the required sampling for bacteria during the third quarter of 2019. For more information, please contact Jeff Beaudette at (410) 939-8099.

*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*
