

Harford County LHIC

**FAMILY  
HEALTH &  
RESILIENCY**

*Annual Meeting Update 10.24.19*

# Current Priority Groups

## *Transportation*

Develop a transportation system to provide access to care

## *Communications*

Create materials that help remove stigma & promote care for pregnant & postpartum women affected by SUD

## *Family Planning*

Promote early access to family planning services

# HIGHLIGHTED PROGRESS

## TRANSPORTATION

### *Survey*

Received feedback from target population on transportation needs & current barriers

### *Training*

Arranged to train staff at service locations in assisting clients with navigating bus schedules

### *Funding*

Exploring funding for bus vouchers, as well as grant funding for transportation pilot options

# HIGHLIGHTED PROGRESS

## COMMUNICATIONS

### *Focus Group*

Received feedback from target population on promotional materials & ways to best reach new community members

### *New Materials*

Developed new materials, such as flyers and social media advertisements for HCHD's MEGAN's Place

### *Best Practices*

Establishing recommended practices for communication strategies with the target population

# HIGHLIGHTED PROGRESS

## FAMILY PLANNING

### *Resources*

Created new resource packets & exchanged service information for distribution to clients at existing service locations

### *Screening Tools*

Developed new pregnancy and SUD-risk screening questions to add to patient intake packets for HCHD BH & Family Planning locations

### *Best Practices*

Establishing recommended practices for providers to refer members of the target population to wraparound services & family planning
