

Harford County Health Department Cancer Prevention Program

This program offers NO COST:

Cancer Screening *Saves Lives*

- 30-50% of all cancer cases are preventable
- Cancer screening can either prevent cancer, or catch it at an earlier, more treatable stage

Colonoscopies • Low-dose CT's (lung)

You may be eligible for a colorectal or lung screening at no cost if you:

- Are a current Maryland resident
- Have a limited income
- Are 45 - 75 years (Colorectal screening)
- Are 50 - 80 years (Lung screening)
- Are uninsured or underinsured
- Need help with copays and deductibles for Colonoscopies
- Lung screening only - Have at least a 30 pack year smoking history

Public Health
Prevent. Promote. Protect.
